

Nature Passport

Get ready to be transported into a new world of adventures!

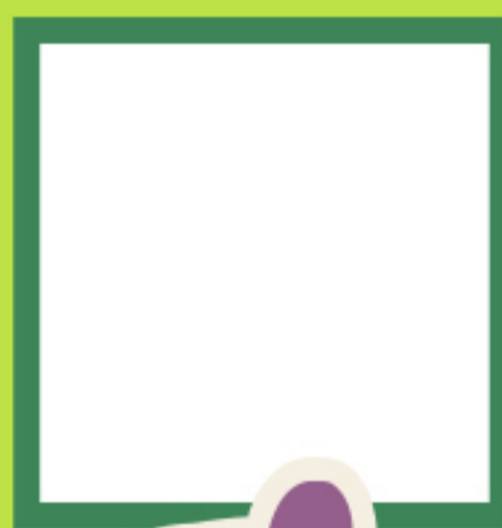

You won't need to travel very far to use this passport, all of these activities can be found inside your home or in your local green space. Look closely, sometimes the most exciting things are already on your doorstep!

Tick the box when you complete a challenge, and keep us in the loop by sharing your adventures [@yeovalley](#)

tick the boxes

Plant a seed in a Little Yeos pot and watch it grow! Ask an adult to help poke a hole in the bottom of the pot to make sure water can drain out.

Scoop a handful of soil and see how many mini beasts you pick up. The more worms, the healthier the soil!

Close your eyes when you are near a window or outside and listen to how many birds you can hear.

Follow a bumble bee.

Next time you see litter on the floor, pick it up and recycle it.

Collect a leaf and try to draw it. Do you know which tree it came from?
